Edwin,

The meeting I was looking to set up was for one of my staff to tour the building to assess the difficulties involved in installing data loggers to establish an energy baseline.

> Mark, we had a short meeting today to discuss. The short version is we need you to meet with us, at your earliest convenience, in order to discuss the best way to capture the projected energy saving $$ in the rent. Once we are agreed in house we can set up a meeting with the Lessor. When are you available?
